

## Technical Data Specification Sheet

### 2 Pound 4A Molecular Sieve Powder

**Product** 2 Pound 4A Molecular Sieve Powder

**Product Code** OMPDR002A

**Raw Material** 200 Mesh 4A Molecular Sieve Powder

**Packaging Material** Tin Drum

Technical Standard	Items	Standard
	Loss on Drying	$\leq 2.0\%$
	Moisture adsorption capacity 25°C RH=40%	$\geq 25.0\%$

**STD Packaging** — 2 pound/drum, 4 drums/carton  
Carton Size: 350\*350\*180mm, 45cartons/pallet  
—Carton label contains the following:  
PO Number  
Product Name  
Specification  
Quantity  
Batch Number

**Storage** Shelf life: 3 years  
Desiccant must always be kept in airtight containers to avoid moisture.

**Notes** The data given here is based on current knowledge and experience. This document is designed to describe the products in terms of their safety requirements. The above details do not imply any guarantee concerning composition, properties or performance. User is liable for his own operation.
