

Technical Data Specification Sheet

1.5 Pound 5A Molecular Sieve Powder

Product 1.5 Pound 5A Molecular Sieve Powder

Product Code OMPDR003A

Raw Material 200 Mesh 5A Molecular Sieve Powder

Packaging Material Tin Drum

Technical Standard	Items	Standard
	Loss on Drying	$\leq 2.0\%$
	Moisture adsorption capacity 25°C RH=40%	$\geq 26.0\%$

STD Packaging — 1.5 pound/drum, 4 drums/carton
Carton Size: 350*350*180mm, 45cartons/pallet
—Carton label contains the following:
PO Number
Product Name
Specification
Quantity
Batch Number

Storage Shelf life: 3 years
Desiccant must always be kept in airtight containers to avoid moisture.

Notes The data given here is based on current knowledge and experience. This document is designed to describe the products in terms of their safety requirements. The above details do not imply any guarantee concerning composition, properties or performance. User is liable for his own operation.
