

WiseSling™ String Sewn Clay desiccant is a premium industrial desiccant with a hangable lanyard. The large unit hangable design meets the transportation and storage needs under different scenarios. The lanyard has been tested and verified many times. It is firm and stable, not easy to break. 16U and 32U use improved kraft paper, which is environmentally friendly and biodegradable.

WiseSling String Sewn Clay Desiccant

Lanyard design with adjustable hanging height

High moisture absorption capacity, non-toxic and harmless

Non-woven fabric/kraft paper packaging materials have the characteristics of high strength, dust prevention, good air permeability, and high sealing performance

The large unit hangable design meets the transportation and storage needs under different scenarios

High-quality montmorillonite and pure kraft paper (16U/32U) as raw materials, natural, environmentally friendly, and biodegradable
