

Technical Data Specification Sheet

TBM31 Molecular Sieve Tablet

Product TBM31 Molecular Sieve Tablet

Product Code TBM31A

Raw Material 4A Molecular sieve powder

Technical Standard

Items		Standard
Appearance		The surface of desiccant should not have obvious defect.
Loss on Drying ($575 \pm 25^{\circ}\text{C}$)		$\leq 3.0\%$
Moisture adsorption capacity 25°C	RH=20%	$\geq 15.0\%$
	RH=40%	$\geq 18.0\%$
Moisture adsorption speed		$\geq 10.0\%/24\text{h}$
Dust		$\leq 0.3\text{mg/g}$

Sachet Net Weight: 0.470 \pm 0.040g
Dimension Diameter: 11.35 \pm 0.05mm
 Height: 4.05 \pm 0.15mm

Molding Method Tablet

STD Packaging — 3000pcs/PE/tin 12000pcs/4 tins/carton
 Carton Size: 350 \times 350 \times 180 mm, 45ctns/pallet
 —Carton label contains the following:
 PO Number
 Product Name
 Specification
 Quantity
 Batch Number

Storage Shelf life: 3 years
 Desiccant must always be kept in airtight containers to avoid moisture.

Notes The data given here is based on current knowledge and experience. This document is designed to describe the products in terms of their safety requirements. The above details do not imply any guarantee concerning composition, properties or performance. User is liable for his own operation.
